Certificate in Aboriginal Knowledges and Experiences

This certificate provides a broad orientation to Aboriginal experiences in Canada and how Aboriginal peoples have been impacted by laws, policies, and practices in the health, social services, human resources, and other sectors. Aboriginal and non-Aboriginal students have the opportunity to learn about Aboriginal lived experiences through curriculum taught by Aboriginal scholars from Aboriginal perspectives. The certificate adopts an approach that recognizes the value of individual and shared experiences, Aboriginal knowledges, and reciprocal learning.

For detailed certificate and program information, please visit www.ryerson.ca/ce/aboriginal.

Certificate Requirements

The successful completion of six courses, with a cumulative grade point average of 1.67 or higher, is required for the certificate.

Certificate Registration

Students may be registered in only one certificate program at any one time. To allow maximum flexibility in crediting external courses and/or courses previously taken at Ryerson, students **should** register in the certificate at the beginning of their first course (see also [Courses and Programs FAQ](#)). For complete details on the advantages of early registration, registration deadlines, and Transfer Credit restrictions, all students should read [Registration in a Certificate Program](#).

Requirements for Graduation

To graduate, you must successfully complete the published certificate curricula from the year you registered in the certificate. Certificate requirements must be completed within six years from the time you were first admitted into the certificate program. In some circumstances, certificate requirements may change, resulting in courses no longer being available. In such cases, [Course Substitutions/Directives](#) may be requested. Also, you must apply on RAMSS to graduate, prior to the appropriate application deadlines (see [Important Dates](#)). For complete details, all students should read [Graduation](#).
